

The Lumeo VII LED Spotlight is engineered for precision lighting applications, combining high efficiency, premium components, and a sleek recessed design. Ideal for retail, hospitality, offices, and architectural environments, it ensures long-lasting performance with superior color rendering and flicker-free operation.

The Lumeo VII LED Spotlight delivers reliable performance, exceptional light quality, and flexible installation options, making it the ideal choice for high-end interiors and professional lighting projects.

## Technical Data

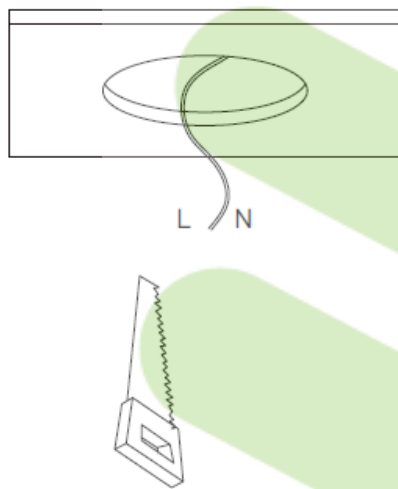

Wattage	12W / 20W
CCT	2700K / 3000K / 3500K / 4000K / 5000K
System Lumen	1000 Lm - 2300 Lm
CRI	>90
Beam Angle	18° / 24° / 38° / 45° / 50°
IP Rating	IP20 / IP65
LED Type	CREE / Bridgelux COB / Philips
Warranty	5 Years
Lifetime Expectancy	50,000Hrs
SDCM	<3
UGR	<15
Power Supply	Remote Class II Flicker Free Driver
Voltage	220-240V AC
Frequency	50-60Hz
Working temperature	-20°C~+40°C
Product Dimensions	Ø138x178mm

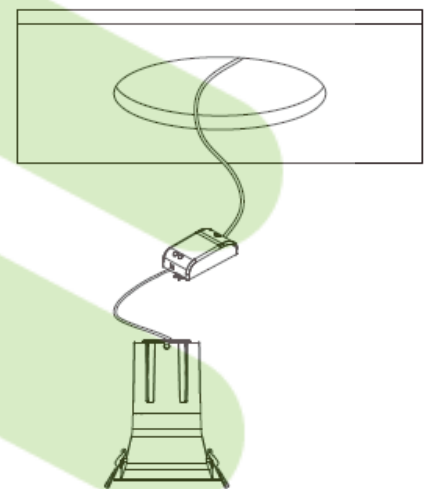

<b>Cutout</b>	Ø125-Ø130mm
<b>Fixture Color</b>	Black / White
<b>Product Materials</b>	Aluminium+PC
<b>Unit Weight</b>	1.07 kg
<b>Intelligent Control</b>	On/Off; Triac; DALI; 0-10V
<b>Mounting Options</b>	Recessed
