

The Terralume LED Underground Light Lamp is a premium in-ground lighting solution designed for durability, efficiency, and modern outdoor illumination. Built with robust materials and advanced LED technology, it is perfect for landscape, pathway, driveway, garden, and architectural lighting applications.

Technical Data

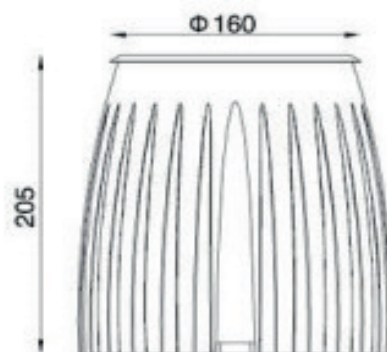

Lamp Model	LED/CREE
Power	9w
CCT	2700K/3000K/4000K/5000K/6000K
Light Efficiency	80lm/w
Driver	Meanwell
Beam Angle	10°/15°/30°/45°/60°
Size	160*205mm
Body Material / Color	Die-cast aluminum + Tempered glass + Stainless steel face cover (Grade 316 SS)
Lamp-Chimney Material /Color	Tempered Glass
IP Grade	IP67
Input Watts	9*1w=9w
Warranty	5 Years
Input Voltage	AC220V
Power factor	0.9
LOR	80%

Design & Installation

Size: 160 × 205 mm

Integrated, built-in gear design

Fixed illumination angle (non-adjustable)

Applications
